

August 8, 2018

To Whom It May Concern:

The Natural Habitats Group (hereafter NHG) is a group of companies that collect, produce, process and sell organic, sustainable and fair-trade certified palm oil.

The Natural Habitats Group has several operational companies of which three are listed below.

- Extractora Natural Ecuador S.A. (Abbreviated as Extranatu S.A.)
 - Company registered in Ecuador
 - 100% legal daughter company of NHG
 - Main activities: Production of organic palm oil in Ecuador and exportation to ports around the world
- Palma Organica (Holland) B.V.
 - Company registered in The Netherlands
 - 100% legal daughter company of NHG
 - Main activities: Import and sales in Europe and Asia
- Natural Habitats USA Inc.
 - Company registered in the United States of America
 - 100% legal daughter company of NHG
 - Main activities: Import and sales in USA and Canada

As stated above, all companies are 100% legal daughters of NHG. The NHG logo is used by all companies for branding purposes.

Sincerely,

Mark Griffin
